Weekly ReportDirectorate of Administration

- 25X1
- [REDACTED]
- GSA advised us that the final approval of the first construction contract for the new building is imminent.
 - The pre-bid conference for the powerhouse renovations was held on 12 April, and approximately 50 industry representatives were present. In response to a protest over the cooling tower specification, an addendum has been issued to bidders that widens the range of acceptable designs.

- 25X1
- [REDACTED]
- The DI/OP recruitment effort at the Universities of Ohio State, Indiana, and Illinois was attended by approximately 900 students. At Ohio State, there were demonstrators who were vocal and used abusive language, but the Ohio State students confronted the demonstrators (who were not students) and insisted upon their leaving.
 - The March 1984 list of retired annuitants was sent to the Career Service representatives for their review and selection of possible candidates for the Agency Internal Reserve Program. There was a total of 14 cases for review: DDA-8; DDI-1; DDO-3; and DDS&T-2.
 - DDA is studying security enhancement of the parking areas at the Ames, Key and Chamber of Commerce Buildings. Negotiations will be held with the building owners in an attempt to establish Agency control of parking facilities at these buildings; after which it is planned to procure closed-circuit television systems for these buildings as well as contract guard services.

- A Comptroller's Meeting was held on Wednesday, 19 April, to review the Agency's financial and manpower status and examine unfunded requirements midway through the fiscal year. Savings totaling [redacted] were identified of which the Deputies agreed to allocate [redacted] to cover a variety of unfunded requirements. It was agreed to defer decisions on Agency-wide funding for the remaining items until a greater degree of certainty exists on the fate of the supplemental appropriation request for the cost of the January 1984 pay raise. With regard to manpower, all directorates except the DDI are expected to be at or near ceiling by 30 September. DDI is having problems because of their requirements for hard-to-hire categories such as economists.

25X1

Office of Legislative Liaison

- The Subcommittee on Government Information, Justice, and Agriculture of the House Government Operations Committee has postponed its scheduled hearing and markup of our FOIA relief Bill from 26 April to mid-May. The reason for the postponement, according to Committee staff, is that it would not look good for the Committee to act too quickly upon FOIA relief for the CIA while the topic of CIA's role in Central America remains a hot topic on Capitol Hill. The postponement means that the FOIA Bill cannot be reported out of Government Operations before early June at the earliest. HPSCI staff has said that HPSCI will keep the pressure on the Government Operations Committee to see to it that it does not sit on the Bill. We have an appointment with Representative Mazzoli to discuss this issue next week.

Public Affairs Office

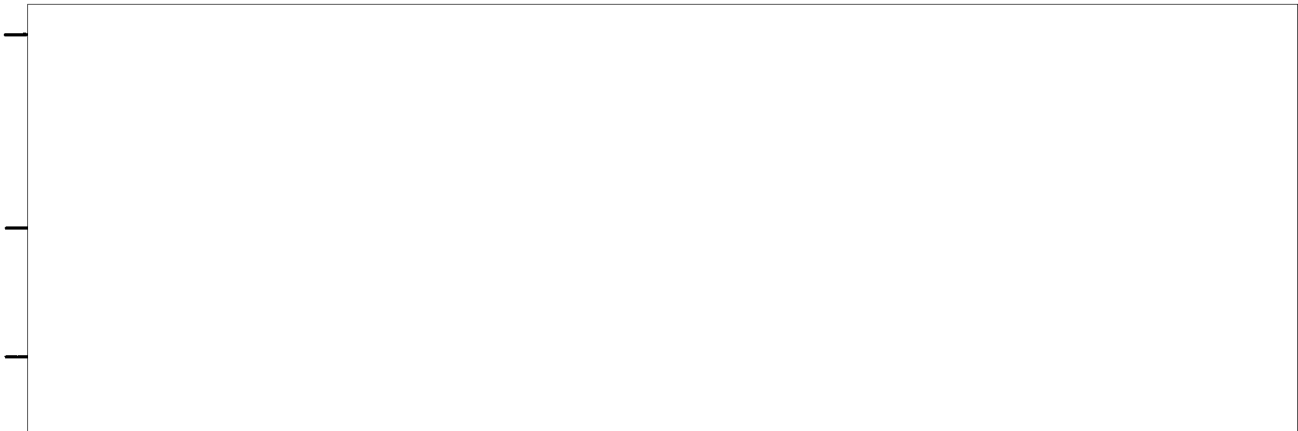

- PAO time was focused largely on dealing with the numerous events which followed from the public revelation of Senator Goldwater's letter to the DCI concerning the Agency's briefing [redacted]
- U.S. News and World Report's interview with the DCI, which appeared on Monday, 16 April, received full replay in the Washington Times. Excerpts were also quoted elsewhere in the media.

A full Agency program for this event has been developed and PAO has received approval from White House Director of Advance Bill Henkel for it. We are preparing ideas for the President's remarks for the White House speechwriters, have ordered a band, and are preparing to receive a large press entourage.
